Summer 2016

Healthy Lakes Initiative 2016-2017

by Tom Kelly

Native Planting Program: Improve your Balsam Lake waterfront and get 75% of your cost reimbursed!

The program being considered would be a collaborative effort between lakeshore owners, BLPRD and the Healthy Lakes program to improve water quality and habitat. The Native Planting Program provides Balsam Lakeshore owners support to establish small zones (350 sf+) of native plants on their waterfront. Native plants reduce water runoff, improve water quality, stabilize shoreline, provide a home for birds and other habitat, and

add natural beauty to your waterfront property.

Who can take advantage of this program? Shoreline owners who install a minimum 350 sf Native Planting that will benefit the lake and enhance their property's natural beauty.

What will it cost? Your out-of-pocket costs will probably be in the \$100 to

\$300 range. Typical total costs for a Native Planting of the size required are about \$600 if you install it yourself or \$1,200 if you hire someone to install it for you. The Healthy Lakes grant pays for 75% of the cost up to \$1,000. You get a beautiful lakeshore garden that helps improve Balsam Lake's water quality for only 25% of the cost. More information will be provided at the July 16th BLPRD meeting at Unity School, 9 am.

VOTER REGISTRATION At any annual meeting of the Lake District and/or special meetings of the Lake District where voting will take place, voter registration is required. The Lake District gets the voter registration list from the Polk County Treasurer, who gets this from the Real Estate Tax Rolls. In many cases, the county treasurer has only one name listed as the owner of the real estate, even though in reality, more than one person, usually the spouse of the listed owner also owns the real estate. This creates a problem at registration time, since property owners may have up to two votes if the property is listed in two names. If the property is held in a trust or as a corporation, then only the Trustee, the Trustee's representative or the corporate representative can vote. A letter signed by the Trustee or the corporation's officer authorizing the representative is required. A person or persons who own more than one piece of property are entitled to no more than one vote. There are no absentee ballots or proxies.

Please examine your mailing label on this mailing, and if it has only one name on it and your real estate is owned jointly by you and your spouse or someone else, please notify the Polk County Treasurer immediately at the address below, so that you may have two votes. This listing will be our official list.

11. ADJOURN

1. CALL TO ORDER

- The 39th annual meeting of the BLPRD was called to order by Chairman Ray Sloss at 9:00 a.m.
- A motion was made by Ron Helms and seconded by Greg Moore to conduct the meeting as per Robert Rules. Approved.

2. APPROVE AGENDA

- A motion to approve the agenda was made by Caroline Rediske and seconded by Jean Hol. Approved.

3. APPROVE MINUTES OF JULY 20, 2013 ANNUAL MEETING

- A motion to approve the minutes of the July 19th, 2014 annual meeting was made by Jan Kreminski and seconded Dick Miller. Approved as per amended with \$19,000.00 for management of dredging in Raskin Bay.

4. REPORTS

- Accomplishments:
 - Activities that we completed this year:
 - o CLP
 - o Point Intercept study
 - o 5 Year Aquatic Plant Management Plan

ANNUAL MEETING MINUTES continued

- o Herbicide treatment of CLP
 - o CBCW
 - o Resolution discussed
 - o Budget
 - o East Balsam boat landing-Georgetown-transfer title to us
 - Clean Boat Clean Water (CWCB) – Carl Holmgren
 - Noted that we have more adult volunteers than Unity students.
 - Board agreed to pay straight pay with no volunteer hours in 2016.
 - As of July 5th, Boats inspected: Beach 104; Little Balsam 110; 46 Landing 241; and on East Balsam 238
 - Carl noted that he is appointed by Polk County and will retire April of 2016. Asked if anyone wanted his position.
 - Aquatic Plant Management – Carl Holmgren
 - The 5 year plan is in the Library if anyone would like to read it.
 - We treated a total of 65.45 acres. It was a huge success.
 - Raskin Bay – Rod Preble
 - Presented background information related to our Harvesting and Dredging resolutions. Noting:
 - Denmark Study - Very much like Balsam Lake
 - Harvesting - Contract vs owning; with Contracting there is a very high risk of bringing invasive species from other lakes that we don't want in Balsam Lake.
 - Pre Requirements: Activity identified in updated BLPRD 5 year plan and WDNR to take tour of lake to determine acres and approve.
 - Recovered material can be sent to the Village compost site.
 - East Balsam- Ed McGlynn
 - Basin is shallow (9.5ft)
 - High Retention (2 years)
 - High phosphorus internal loading
 - Low dissolved oxygen rates (June-August)
 - High "P" loading driving seasonal blooms
 - DNR classified East Balsam as an Impaired body of water
 - Makes us eligible for 319 funding
- Next Step
- Looking into the different options that we can do in East Balsam.

5. DISCUSS AND DEBATE TWO RESOLUTION:

Secretary/Treasurer Carl Holmgren read aloud the Harvesting resolution.

HARVESTING RESOLUTION (01-2015)
RESOLUTION of the Balsam Lake Protection and Rehabilitation District • County of Polk, Wisconsin

WHEREAS Balsam Lake is an important resource used by the public for recreation and enjoyment of natural beauty; and
WHEREAS public use and enjoyment of Balsam Lake is best served by protection of Balsam Lake from infestation of aquatic invasive species; and

WHEREAS we recognize the need to provide information and education about specific harvesting opportunities; and

WHEREAS harvesting in specific DNR approved areas of the lake will lead to better navigation, and will promote the public health, comfort, convenience, necessity and public welfare; and

WHEREAS we recognize the need for harvesting specific areas; and

WHEREAS we are qualified to carry out the responsibilities of the Balsam Lake harvesting project.

IT IS THEREFORE, RESOLVED THAT:

The Balsam Lake Protection and Rehabilitation District requests the approval to proceed with an application for a loan to the Board of Commissioners of Public Lands (BCPL) for \$319,120 to acquire needed harvesting equipment with terms to allow 10 year loan payments; and

HEREBY AUTHORIZES, the Balsam Lake District Board to act on behalf of the Balsam Lake Protection and Rehabilitation District to: submit a loan application to the Board of Commissioners Public Lands (BCPL) of Wisconsin for \$319,120.00 sign documents; and take necessary action to undertake, direct, and complete purchase of required equipment.

Chairman Ray Sloss opened the meeting for Harvester Resolution Discussion:

- Many comments noted regarding water quality in several areas of the lake including East Balsam and Raskin Bay.
- Suggestion to delay the Dredging 2 years if Harvester resolution approved. Ray noted that both resolutions are on the agenda.
- Noted if Budget is too low? Budget can be amended when discussed.
- Suggestion to consider cost share with another lake; Ray noted that the purpose is to avoid invasives from other lakes.
- Noted that the resolution does not address possible grant monies; Ray noted that grant funding would be applied for and would offset a share of the long term debt.
- A motion was made by Robert Preston seconded by Cory Dupre to amend the resolution: In conjunction to receiving grant from state of Wisconsin for 40% of purchase price with specific numbers. Chairman Ray Sloss called for a voice vote: Motion failed.
- Pam Schneider and Ron Helms called for the question on Harvester. A motion was made by Pat _____ and seconded by Jim _____(Heller?) to take the vote.
- Chairman Ray Sloss closed discussion and called for a voice vote noting 'Yah' to approve the Harvesting Resolution and 'Nay' to reject the harvesting resolution. The Harvesting Resolution (01-2015) was approved by a majority of Yah votes.

Secretary/Treasurer Carl Holmgren read aloud the Dredging resolution.

ANNUAL MEETING MINUTES continued

DREDGING RESOLUTION (02-2015):

RESOLUTION of the Balsam Lake Protection and Rehabilitation District • County of Polk, Wisconsin

Balsam Lake Protection and Rehabilitation District

Board Resolution 02-2016

Amendment to Resolution 02-2015

RESOLUTION of the Balsam Lake Protection and Rehabilitation District County of Polk, Wisconsin

WHEREAS Balsam Lake is an important resource used by the public for recreation and enjoyment of natural beauty; and

WHEREAS public use and enjoyment of Balsam Lake is best served by protection of Balsam Lake from infestation of aquatic invasive species; and

WHEREAS we recognize the need to provide information and education about specific dredging opportunities; and

WHEREAS dredging specific DNR approved areas of the lake will lead to better navigation, and will promote the public health, comfort, convenience, necessity and public welfare; and

WHEREAS we recognize the need for dredging specific areas of Raskin Bay, Pine Island Bay and Forest Circle Bay; and

WHEREAS we are qualified to carry out the responsibilities of the Balsam Lake dredging project.

IT IS THEREFORE, RESOLVED THAT: Upon securing permits from the Wisconsin Department of Natural Resources to dredge Raskin Bay, Forest Circle Bay and Pine Island Bay in its entirety as approved at the annual meeting on July 19th, 2015, the District of Commissioners of the Balsam Lake Protection and Rehabilitation District is hereby authorized to borrow up to the sum of Ninety-Five Thousand Eight Hundred

Eighty Dollars and 00/100 (\$95,880.00) for the purpose of financing the purchase of a Dredging Machine and support equipment AND, levy upon all the taxable property of the District a direct and irrevocable annual tax for the purpose of paying, and sufficient to pay both the interest on the loan as it comes due and to repay the principle within 10 years of making the loan.

IT IS FURTHER RESOLVED THAT, the Officers and Commissioners of Balsam Lake Protection and Rehabilitation District are authorized and directed to execute any and all actions reasonably necessary to complete such contemplated borrowing transaction and complete the purchase of required equipment.

IMPROVING WATER QUALITY

You Can Play a Part in Improving Water Quality in the Lake...

- Control your runoff! Maintain a natural vegetation zone between your lawn and the water's edge to control and filter runoff into the lake. Use rain gardens to capture hard cover runoff.
- If you use fertilizer, be sure the phosphorus content is zero. It is the middle number 25-0-10 on the bag.
- Questions regarding shoreland protection may be directed to Polk County Land and Water Resources at (715) 485-8699.
